"We are definitely saving money. Our bills are running \$100 to \$125 less per month than with our previous carrier. That is significant in a small business like ours. Every dollar counts. I am very pleased with the savings."

Potsdam / North Country This Week

Customer since April 2006

"Slic's sales team did a good job answering our many questions prior to accepting their proposal. They provided information I could rely on, and delivered on what they promised. Our service proposal estimated a 25% savings from our earlier carrier, and we are now experiencing savings that exceed that. I just did the calculations and Slic has slashed our telecom costs by a third. That is fantastic!"

Massena / Snider & Snider Law Firm

"In business, we are all looking to cut our costs without sacrificing service. SLIC analyzed our prior phone/internet account and predicted a 25% savings. SLIC handled all of the details to accomplish the switch. We now enjoy the promised 25% savings and we are now in the digital age."
